Sovetskaya Gavan Naval Associated Facility

NSA/V41/SPO/R-031-75
NPIC Project No. 340212

25X1A

1. In response to the referenced requirement the walled installation at 49-01-08N 140-13-05E was studied to provide a functionalized analysis of the buildings and to determine the presence of communications equipment.

2. No communications equipment of any type was identified.

3. The facility is a vehicle storage and maintenance area possibly associated with the Sovetskaya Gavan Reserve Fleet Base. It consists of one large multi-wing administration or barracks building, one small administration building, three vehicle storage buildings, one vehicle maintenance building, four storage/support buildings, one cold storage building, nine support buildings, one probable gate house and an athletic field.

4. This project is considered to be complete. Comments and queries are welcome. They may be directed to [redacted] of the Special Studies Branch, NPIC/IEG/WGD, code 143, [redacted]
